

## INDEX

Vol. 34

	Page
AHO, KIMMO, and ASTOLA, ERVA: Serum Proteins in Dehydration in Young Rats .....	341
ANTTINEN, ERIK E., NEVANLINNA, H. R., and VAINIO, TAPANI: A Haemolytic Transfusion Reaction Due to Anti-Le <sup>a</sup> .....	3
BLOMQUIST, HARRY E.: Experimentell Hervorgerufene Chronische Gastritis.....	372
BLOMQUIST, HARRY E., and HOLSTI, PAUL: Effect of Subperitoneally Injected Tween 60 and Tween 80 on Rats.....	369
FORSSELL, PER, LAPINLEIMU, KAISA, STRANDSTRÖM, HELENA, and OKER-BLOM, NILS: Febrile Pharyngitis and Conjunctivitis. An Epidemic Associated with APC Virus Infection.....	287
GRÖNROOS, J. A., and JOKELAINEN, KYLLIKKI: Detection of a New Escherichia Coli Type 55:B5:32 Associated with Infantile Diarrhoe	335
HARTIALA, K. J. V., HIRVONEN, LEO, and KASSINEN, A.: Studies on Detoxication Mechanism V .....	117
HARTIALA, K. J. V., and HIRVONEN, LEO: Studies on Detoxication Mechanism VI .....	122
HARTIALA, K. J. V., and TELIVUO, L.: Chromatographic Studies of Amino Acid Constituents of Pure Canine Duodenal Juice.....	393
HIRVONEN, LEO, LYBECK, HARRY, and PYLKÄNNEN, PERTTI: Biological Activity of L-Tri-Iodothyronine and L-Thyroxine .....	95
HIRVONEN, LEO, and HARTIALA, K. J. V.: Duodenal Secretion and Dye Elimination .....	101
HIRVONEN, LEO: Effect of Adrenaline and Noradrenaline on the Isolated Rat Auricle in Various States of Thyroid Action ....	107
JÄNNES, JOUNI: Effect of Tween 80 on the Nicotinic Acid Synthesis of Escherichia Coli .....	206
KOIVUSALO, MARTTI: Effect of Disulfiram (Tetraethylthiuram Disulphide) on the Elimination Rate of Methanol.....	163
KOSUNEN, T., and PARMALA, M. E.: Staphylokinase and Staphylococulase. A Comparative Study.....	150
KOUVALAINEN, K., and MIETTINEN, T.: Short-Time Effect of Benz-pyrene on Eosinophils .....	375
LYBECK, HARRY, and HIRVONEN, LEO: Studies of the Permeability of Guinea Pig Placenta to Radioactive Iodine and Thyroxine Injected into a Fetus .....	129

	Page
MÄKELÄ, O., and MÄKELÄ, PIRJO: Le <sup>b</sup> Antigen. Studies on Its Occurrence in Red Cells, Plasma, and Saliva.....	157
MÄKELÄ, O., and MÄKELÄ, PIRJO: Some New Blood Group Specific Phytagglutinins .....	402
NYLANDER, P. E. A., LAUSTELA, ERKKI, SCHEININ, T. M., and TURUNEN, MARTTI: Observations on the Use of Radioactive Gold (Au 198) in the Treatment of Malignant Tumours of the Lungs and Pleura .....	352
NYLANDER, P. E. A., LAUSTELA, ERKKI, SCHEININ, T. M., and TURUNEN, MARTTI: Experiments of the Effect of Radioactive Gold (Au 198) on the Tracheal Tissue of Animals.....	362
OKER-BLOM, N.: Studies in the Epidemiology of Poliomyelitis in an Island Community I .....	170
OKER-BLOM, N., and STRANDSTRÖM, HELENA: Studies in the Epidemiology of Poliomyelitis in an Island Community II.....	177
OKER-BLOM, N., and STRANDSTRÖM, HELENA: Studies in the Epidemiology of Poliomyelitis in an Island Community III.....	186
OKER-BLOM, N.: Propagation of Louping-ill Virus in Malignant Human Epithelial Cells, Strain Hela.....	199
OKER-BLOM, N., and STRANDSTRÖM, HELENA: Effect of Coxsackie Virus on the Growth of the Rous Sarcoma in Embryonated Chicken Eggs .....	293
OKER-BLOM, N., and STRANDSTRÖM, HELENA: Effect of Coxsackie Virus on the Growth of the Rous Sarcoma in Chickens.....	301
OKER-BLOM, N.: Kumlinge Disease .....	309
OKER-BLOM, N., STRANDSTRÖM, HELENA, and LAPINLEIMU, KAISA: Diagnosis of Poliomyelitis by means of Virus Isolation and Neutralisation Tests .....	319
PAASONEN, M. K., KASSILA, O. J., and KÄRKI, N. T.: Effect of the Dosage of Some Antihistaminics on Adrenaline Responses of Seminal Vesicle and Blood Pressure.....	63
PARMALA, M. E.: Activities of Micrococci I.....	135
PARMALA, M. E.: Activities of Micrococci II.....	147
PARMALA, M. E., and KOSUNEN, T.: Phenolphthalein Phosphate-Chromate Plate .....	154
PENTTINEN, KARI, and SAXÉN, ERKKI: Effect of Human Sera on Cultures of Hela Cells .....	22
PENTTINEN, KARI: Effect of Polyphloroglucinolphosphate on Influenza Virus and on Chicken Red Cells.....	88
PENTTINEN, KARI, and SAXÉN, ERKKI: The Effect of Inactivation of the Serum on the Growth of Hela Cells.....	242
PELTONEN, LEO, and KARVONEN, M. J.: Effects of Dietary Cholesterol, Dietary Fat, and Exercise on Mouse Plasma Cholesterol..	246
PERÄSALO, O., and PASILA, MIKKO: Effect of Bacitracin and Neomycin on the Bacterial Flora of the Colon.....	405
POHJANPELTO, PIRKKO, and VUOPIO, P.: Coxsackie Antibodies in Domestic Animals and Norway Rats.....	390

	Page
PYLKÖ, O. O.: Cholinesterase in <i>Diphyllobothrium latum</i> and <i>Taenia saginata</i> .....	328
RENKONEN, K. O.: Is the Sex Ratio between Boys and Girls Correlated to the Sex of Precedent Children?.....	447
RUOSTEENOJA, R., and KARVONEN, M. J.: Exercise Studies on Paraplegics and Bilateral Above-Knee Amputees.....	57
SAXÉN, ERKKI, and PENTTINEN, KARI: Assay of Cytostatica (Colcemid Ciba) in the Blood and Urine of Cancer Patients by a Tissue Culture Method.....	15
SAXÉN, ERKKI, and PENTTINEN, KARI: Factors in Serum Affecting the Growth of Hela Cells.....	396
SAXÉN, LAURI, SAXÉN, ERKKI, and TOIVONEN, SULO: Determination of Thyroid Activity by Quantitative Microdensitometry Using $I^{131}$ .....	7
SAXÉN, LAURI, SAXÉN, ERKKI, and TOIVONEN, SULO: Cytology of the Anterior Pituitary and Thyroid Function.....	34
SAXÉN, LAURI, and TOIVONEN, SULO: Inductive Action of Normal and Leucemic Bone-Marrow of the Rat.....	235
SEPPÄLÄ, KARI, and WASZ-HÖCKERT, OLE: Effect of Cortisone on Tuberculin and Hemagglutination Reactions and Serum Protein	263
TAKKUNEN, RIITTA, und ALBERTHY, JOACHIM: Histaminantagonistische Wirksamkeit von Antihistaminica und Atropin an der Meerschweinchenhaut .....	213
TALA, P., LIETO, J. V., and KYLLÖNEN, K. E. J.: Practical Blood Volume Measurements with Radioactive Chromic Chloride and Iodinated Human Serum Albumin.....	226
TELKKÄ, ANTTI, and KUUSISTO, A. N.: Observations on Experimental Lathyrism in the Rat .....	48
TELKKÄ, ANTTI, KUUSISTO, A. N., and ANTILA, VILJO: Effect of Continued Iron Administration on the Endocrine Glands of the Guinea Pig .....	259
TUOMIOJA, M., and KAJANNE, P.: A New Flocculation Test for Pathological Sera .....	209
TUOMIOJA, M., KAJANNE, P., WAGER, O., and HÄLLSTRÖM, K.: Estimation of C-reactive Protein by a New Method.....	211
TUOVINEN, MATTI, and RAPOLA, JUHANI: Succinic Dehydrogenase Activity in Male Accessory Sex Organs of Intact, Testosterone Treated and Castrated Rat.....	347
TURUNEN, MARTTI, and HALONEN, PEKKA: A Method for the Determination of the Penicillin level in Various Parts of the Resected Lung	383
WAGER, ODD, PALJAKKA, PERTTI, and ALAMERI, EVA: Studies of Agglutination in Rheumatoid Arthritis II. An Immunological Study of the Factor in Rheumatoid Sera Causing Agglutination of Sensitized Erythrocytes .....	78
VAINIO, TAPANI: The Antigenic Properties of the Blastophoral Lip of the <i>Triturus Gastrula</i> .....	71

	Page
VARTIO, TEppo: Uropepsin Excretion in Neurocirculatory Asthenia and Thyrotoxicosis .....	253
WASASTJERNA, GRETA: Antibody-Transforming Activity.....	1
WASZ-HÖCKERT, OLE, and BACKMAN, ALF: Studies on the Host-Parasite Relationship I. Influence of Diphtheria-Pertussis-Tetanus Vaccine on Guinea-Pig Tuberculosis .....	269
WASZ-HÖCKERT, OLE, and BACKMAN, ALF: Studies on the Host-Parasite Relationship II. Influence of Pertussis Vaccine on Guinea-Pig Tuberculosis .....	277
WASZ-HÖCKERT, OLE, BACKMAN, ALF, and POPPIUS, HÅKAN: Influence of Hyperthyroidism and Hypothyroidism on Guinea-Pig Tuberculosis .....	411
WASZ-HÖCKERT, OLE, and KOKKONEN, MARTTI: Experimental Factors Influencing Anaphylactic Shock in Guinea-Pigs.....	420
WASZ-HÖCKERT, OLE, OKER-BLOM, NILS, and KOSUNEN, TIMO: The Effect of Zymosan on Susceptibility to Staphylococcal Infections in Mice .....	428
WASZ-HÖCKERT, OLE, and BACKMAN, ALF: An Attempt at Shortening the Diagnostic Guinea-Pig Test.....	433
WASZ-HÖCKERT, OLE, ERIKSSON, A. W., and KOSUNEN, T.: Effect of Chlorpromazine-Hibernation on Staphylococcal Infection.....	438
WASZ-HÖCKERT, OLE, WAGER, ODD, HAUTALA, TUULA, and WIDHOLM, O.: Transmission of Antibodies from Mother to Fetus....	444

#### Suppl. 1

HIRVONEN, LEO: Effect of Chlorides of Alkali and of Alkaline Earth Metals on the Isolated Rabbit Auricle.

#### Suppl. 2

TOMMILA, VEIKKO: Studies of the Demonstration of Influenza Viruses by Their Capacity to Inactivate Inhibitors of Virus Haemagglutination.

#### Suppl. 3

SAUKKONEN, JUSSI J.: Über das Vorkommen von Freien Nucleotiden in Ruhenden und Wachsenden Geweben.

#### Suppl. 4

EISALO, ANTTI: Effects of the Finnish Sauna on Circulation. Studies on Healthy and Hypertensive Subjects.

#### Suppl. 5

SALMINEN, AIMO: Studies on the Occurrence of Various Leptospiral Types in Finland.

**Suppl. 6**

KUMLIN, TORGER: Über die Einwirkung von Karboxymethylzellulose (CMC)  
auf das Lungengewebe der Ratte.

**Suppl. 7**

PARMALA, M. E.: Studies in Antibiosis between the Genera *Escherichia*  
and *Micrococcus*.

**Suppl. 8**

PYLKÖ, O. O.: Studies of the Acetylcholine Content and Cholinesterase  
Activity of the Human-Pathogenic Fish Tapeworm (*Diphyllo-*  
*bothrium latum*).

**Suppl. 9**

ALFTHAN, OLOF: A Comparative Study of the Growth of Skin and Human  
Skin Tumours on the Chorio-Allantoic Membrane of the Embryonated  
Chicken Eggs.

**Suppl. 10**

SAIKKU, LAURI: The Effect of Somatotropin and Thyrotropin on Granu-  
lation Tissue. A Tissue Analytic Study.

**Suppl. 11**

LAPINLEIMU, KAISA: A Study of the Occurrence of Poliomyelitis and of  
Neutralizing Antibodies against the Three Types of Poliomyelitis in  
Finland.

---
